dec 2024

☞ Christmas greetings to you all! ☛

My summer and fall have been full. Most of my time has been devoted to our Debriefing Ministry and our 33-in-3 Initiative (our partnership with the m/v Liberty in PNG). In between hosting debriefings for missionaries from around the world I've continued working on some projects remotely for the ship. Adding in a couple of extras like driving for the DTS mini-outreach in Spokane, helping host a trauma healing workshop, and prepping to go back to PNG next year really kept me on my toes!

Staff hangout

A few ministry highlights:

◀ Getting honored for 25 years in YWAM

▶ A visit from some long-time supporters, Mark & Dorothy

Jan—May: I am heading back to Papua New Guinea next year. After so many delays the YWAM Liberty finally sailed up to Madang Province in November, yay! I will be joining the ship again for a few months — this time helping with the community engagement side of the medical outreaches that happen in villages along the coast. Bible translation was started in 7 of the 33 languages this year, and we are eager to continue with more languages in 2025!

We have felt the effects of so much spiritual warfare as we have stepped into this Bible translation initiative. If you would like to join with this project through prayer, we could sure use it! I will again send updates from PNG that are separate from my regular newsletter, so let me know if you'd like to be added to that group.

My co-worker and good friend, Alana, and I in our "Let's Talk Ship" hoodies.

I pray that each of you feel God's presence with you during this Christmas season. *"Every good and perfect gift is from above, coming down from the Father of Lights, who does not change like shifting shadows."* James 1:17
